PL4042, Plasma/LCD Stand

Model PL4042 Plasma Display Stand

In keeping with the latest trends in display technology, VFI has developed a mobile plasma display cart that allows you to easily move your plasma display/s and other electronics from room to room.

For Video conferencing applications, PM-S/D/XL mounting hole locations are predrilled making our Plasma mount series installation a breeze. Inside you will find 16 rack units on the left and three shelves on the right, which can be changed to all racks or shelves as an option.

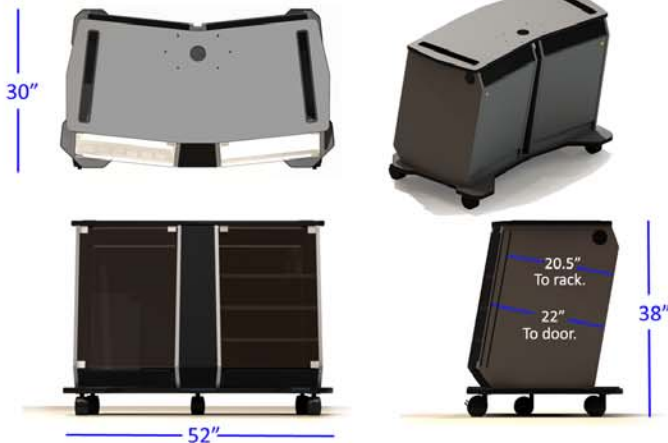

The PL4042 was designed to house a VSX subwoofer or other speaker in the center grille. The Angled design was chosen for improved ergonomics, visibility, ventilation and output panel option at the top rear.

Standard Features Include:

- "Fortress" scratch resistant paint.
- 16ru on left side and 3 shelves on right
- Angled face for visibility and access.
- 5 premium casters for easy maneuvering.
- Center vent for vsx or other speaker.
- Tinted Plexi doors and solid locking rear doors.
- Well ventilated. Top vents also act as handles
- 2ru Output or vent panels at rear.
- Ships fully assembled.

Options

- PM-S Single Plasma/LCD mount
- PM-D Dual Plasma/LCD mount
- PMS-XL Single XL Plasma/LCD mount
- 16ru on or 3 shelves on other side
- Security locks for front doors
- 6" Heavy duty soft rubber casters.
- Six outlet power bar with 10ft cord.
- Rack mount Accessories
