WITH A PROVEN TRACK RECORD OF OVER THREE YEARS OF USE

All our Anti-Vibration Devices use a proprietary Visco-Elastic Polymer that flows like a liquid under load. Combining this fast reacting high energy absorption with a near faultless long Memory, guarantees it will outperform and outlast any other material, including all one dimensional materials like Rubber or Springs that are often used in an attempt to cure vibration. Rubber in particular has a short life and Springs will also lose their efficiency over a similar short time.

THE IMPORTANCE OF THE FASTER REACTING ANTI-VIBRATION POLYMER THAT WE USE

Each type of Vibration has its' own frequency cycle and magnitude, such as a the operation of a HVAC and its ducting, which differs from Machinery Operation or People walking nearby or disturbances from a Floor Above. It is therefore important that the Anti-Vibration Material has the necessary fast response time to capture these different frequencies. The unique design of our Anti-Vibration Material ensures that over 99% of such frequencies are continuously absorbed and dissipated.

WALL MOUNTING IS NOT OFTEN THE MOST PRACTICAL OR DESIRABLE PLACE TO INSTALL CAMERAS

As one Camera Manufacturer put it "From a Customer perspective it is not always a feasible solution to mount camera to walls. Also their Field of View is an important consideration and all Cameras work better from a closer View than a distance one".

THE NIGEL B DESIGN WALL/SHELF ALLOWS THE CAMERA TO BE PLACED ANYWHERE IN A ROOM

Whichever method is chosen, in all cases, Wall Mounting, Pole Mounting or Unistrut® Mounting methods of installing the Camera, all Cables are always hidden.

FOR WALL MOUNTING-ORDER THE WALL/SHELF BRACKET PART # NB-JWSB-B Black NB-JWSB-W White

Junior Wall/Shelf Bracket Inverted allows cameras to be also inverted

Anti-Vibration Ceiling Plate for attaching a 1 1/2" Pole To a Firm Surface

Wiring/Cable Entry-Exit Point

Optional Part # NB-PMP-B (W) Back Plate for Pole Mounting

Wiring/Cable Entry-Exit Point

Optional Part # NB-US-B (W) Back Plate when using Unistrut®

ALL WIRING & CABLES REMAIN HIDDEN IN ALL APPLICATIONS

Please turn over for further information and Pricing Options

ATTACHING A PTZ CAMERA TO THE WALL/SHELF UNIT

Almost all Cameras have a 1/4".20 Tripod Mounting, some have two depending on the make of Camera. The picture shows the five different Mounting Positions. Depending on the Camera that is to be attached, the appropriate Mounting Hole or Holes will be fitted with Captive 1/4".20 Fasteners allowing instant attachment of the chosen Camera.

EXAMPLES OF THE TYPE OF CAMERAS THAT CAN BE ATTACHED WITHOUT MODIFICATION

Below are some of the popular models we have tested with our Wall/Shelf Units, but are not limited to those shown that can benefit by the versatility of the Anti-Vibration Wall/Mount Shelf.

Those Cameras maked with an * require the Senior Wall/Shelf Bracket be used. Part # NB-SWSB- B (Black) or SWSB-W (White)

IF YOUR CAMERA IS NOT SHOWN

We are constantly adding Cameras that can be attached- so please let us know you particular Make and Model

NEW ANTI-VIBRATION CEILING PLATE ADAPTOR

This allows the User to attach the 1 1/2" Pole to a firm Surface* such as a Beam

*It is not recommended for attaching the plate to the Ceiling Tiles

Unistrut®
to Ceiling

Using the Unistrut® Mounting Back Plate to attach the Wall/Shelf Bracket to other Unistrut® fittings

Using the Wall/Shelf Bracket with the Pole Mounting Back Plate Option

Anti-Vibration Gasket

Pole to Ceiling

Camera Inverted Pole Mounting the Wall/Shelf Bracket with the Back Plate Option

NEED A SPECIAL ADAPTER PLATE TO MATCH YOUR CAMERA

Chances are, we have solutions for Pelco® type Pendant Security Cameras that use a 1 1/2 NTP Pipe Thread. Cisco® and Polycom® Shelft Mounting Cameras

NB-JWSB-B	Junior Wall/Shelf Bracket - Black	\$349.95
NB-JWSB-W	Junior Wall/Shelf Bracket - White	\$349.95
NB-PMP-B	Pole Mounting Back Plate - Black	\$149.95
NB-PMP-W	Pole Mounting Back Plate - White	\$149.95
NB-US-B	Unistrut Mounting Back Plate - Black	\$149.95
NB-US-W	Unistrut Mounting Back Plate - White	\$149.95
NB-PCP-W	Pole Ceiling Plate - White	\$149.95
